INFORMATION FOR THE DIRECTOR'S LOG

Because of budgetary and personnel ceilings imposed by the Congress, the Armed Services are in the process of selecting officers who will not be retained in active duty status. It is almost certain that some officers now on duty with CIA will be affected by this action. In general, officers selected will be those who can be spared more easily, i.e., marginal records, unneeded specialties, etc. In the case of the Army, we have made arrangements to receive some advanced notice prior to publication of the list which will give us an opportunity to make representation. We are attempting to make similar arrangements with the Air Force but have been unable to do so with the Navy.

The Potomac Electric Power Company has advised that there will be a power outage in the West Potomac Park area on 29 and 30 August 1953 due to the continuation of work involving the installation of high tension wires.
